

Julie Williams – Trustee December 2020

I became a Trustee in December 2020, after taking early retirement in April 2020, following a 36 year career with Wirral Local Authority as a Senior Manager. I was responsible for managing front line services, including being Head of Libraries. My role amongst other areas involved managing and developing staff and finding ways to deliver more with less. An important aspect to the role was to work with communities and individuals to develop the Council's customer facing services so that they were approachable places where people are listened to and queries resolved.

On retirement, I wanted to still use some of the experience and knowledge I had gained throughout my career. Becoming a Trustee fits the bill perfectly and I hope my skills will help support the school and team to continue down an already established excellent path of education and pastoral care.
