

Sian Turner - Trustee

I have been a governor at Hilbre High School since 2019. I have worked in education for over 20 years and am currently Chief Operations Officer for a large Multi-Academy Trust working across the North-West and Staffordshire overseeing estates, IT, risk and growth strategies.

I know that this experience will be useful in my role as a Trustee to support the school and leadership team.

I live on the Wirral and am delighted to be able to use my experience to support a local school.
