

Hilbre – Pen Portrait

Georgia Creed – Start Date 7th December 2020

I'm a Chartered Accountant currently leading the UK&I Accounting, Control and Reporting team at Costa Coffee. The ability for everyone to have access to quality education is important to me, as is supporting my local community which is why I applied to be a Trustee at Hilbre High School. I believe, through objective challenge and holding staff members to account, my Finance, Risk and Governance skills can support and develop the school on their vision for every student to have the very best educational experience. Through my term in office, I would like to see the school continue to make step change improvements – addressing those short, medium- and long-term actions from recent independent governance reviews, as well as continuing to improve on student attendance and achievements.
