

## **Sarah Fleming - Staff Governor**

I have been a Staff Governor since 2016, serving on the Pastoral and Student Wellbeing Committee, as a Link Governor for Safeguarding, and currently Link Governor for Personal Development. I have worked at Hilbre for almost twenty years, primarily as the Progress Leader for Religious Education and Citizenship, alongside a range of other roles over time including: Gifted and Talented Co-ordinator, Head of Year 13, Head of Sixth Form, and Assistant Head of Humanities. Prior to training as a teacher I worked as a Personal Assistant at Liverpool School of Pharmacy at LJMU, and Ostrin Solicitors. These skills and experiences have come to the fore once more, teaching BTEC Business Administration to the Year 12 Foundation students. I wanted to become a staff governor to contribute towards creating and maintaining a positive and caring community ethos, and raising standards across all areas of the school.

Outside of school I enjoy music, theatre and walking – a lot, participating in ‘Country Walking’s Walk 1000 Miles Challenge’ every year, since first completing it in 2017 and fundraising for a variety of causes. If you’re looking for me at the weekend, I’ll be somewhere up a hill, beside a lake, or walking a fell!
