

Rose Owen – Co-opted Governor

I have worked in education my whole career, both in Liverpool and Wirral before recently taking early retirement. I qualified as a secondary school English teacher before moving into the field of special educational needs in a mainstream setting, becoming a SENCO in 2000 and Senior Teacher in 2002.

In 2006, I joined Wirral Local Authority's Children's Services experiencing a variety of roles in Admissions, Exclusions, Restorative Justice and Safer Schools Police Liaison Officer before culminating in my role as Managed Move Officer.

I bring to the Governing Body the skills and knowledge acquired both as a practitioner and a local government officer. I firmly believe that the well being of students and staff are paramount in creating a community that can achieve excellence.

I am married with one son and live locally. In my spare time I am a Bereavement Volunteer and sing in a choir.
