

## **Johanna Ashworth-Jones – Parent Governor**

I have been a Parent Governor at Hilbre High School since December 2018, as I want to support Hilbre High School in ensuring that the children who attend there feel safe, happy and that they are nurtured to fulfil their best possible potential. To aid me in supporting Hilbre maintain their regulatory standards, aspirational visions and protect pupil and staff wellbeing I utilise the broad spectrum of skills and experience gained from working in the NHS for 24 years. As a Senior Analyst my specialist skills are quality improvement planning, analytics, project management, quality assurance and data presentation. Ultimately, my main focus always comes back to what would I want for my child as a parent and I feel very privileged to be a part of a dedicated team within Hilbre High School, committed to every child's individual needs.

One of the things I admire most about Hilbre High school is the focus on the wider curriculum i.e. involvement in after school activities and being an integral part of the local community.

Hilbre is a very inclusive school and I would encourage everyone to take an active part in becoming involved in as many or as little ways that they can to support the school and benefit its pupils.
