

## **Greg Kemp – Board Member**

I have been a Governor at Hilbre for 16 years and for 6 years I was Chair of Governors. In that time, I have Chaired the Finance, Personnel and Pay Committees. I am managing Director of 3GK Ltd, which is a distribution business of electrical varnishes and insulation material, primarily selling in the Middle East. I am also involved in our family business, AEV Ltd, which has been making varnishes since 1849. I still play football on a Saturday afternoon, which I still really love. My other great interest is music, which led me to also run a small record company.
