

# HILBRE HIGH SCHOOL HUMANITIES COLLEGE

---

CENTRE POLICY FOR SUMMER 2021

## Background

Hilbre High School Humanities College is a registered exam centre.

Every school must have a Centre Policy that matches its own circumstances. Our policy is based on a template produced by JCQ. This policy takes account of JCQ Guidance on the determination of grades for A/AS Levels and GCSEs for summer 2021, which is referred to as the JCQ guidance throughout the policy.

This policy applies to the following qualifications we are offering in summer 2021:

- A-levels
- GCSEs
- Extended Project Qualification (EPQ)

The principles of the policy also apply to other qualifications:

- Level 2 technical awards offered by BTEC, OCR
- Level 3 vocational qualifications offered by BTEC, OCR and RSL

## Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

### Training

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- *Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.*
- *Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.*

### Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *We will provide support from experienced teachers to NQTs and teachers less familiar with assessment.*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.*

## Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

### A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.*
- *We may use student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We may use substantial class or homework (including work that took place during remote learning).*
- *We will use internal tests taken by pupils.*
- *We may use mock exams taken over the course of study.*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.*

*We provide further detail in the following areas:*

#### *Additional Assessment Materials -*

- *We may use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We may use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We may use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*
- *We may combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*

#### *NEA (Non-Examined Assessments)-*

- *We will take a consistent approach in each subject with NEA so that all students are treated fairly.*
- *The progress through NEA is managed differently in each subject so that in some cases it will be appropriate for NEA to be completed, whereas in others partial completion will be appropriate.*

*Internal Assessments -*

- *We may use the outcomes of internal assessments which can take several forms including short answer responses and essays.*
- *Internal assessments conducted under high control will provide stronger evidence than those conducted under low control.*

*Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:*

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.*
- *We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*

## Determining teacher assessed grades

*This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.*

### **Awarding teacher assessed grades based on evidence**

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.*
- *Our teachers will produce an **Assessment Record for each subject cohort** and will share this with their Head of Department. Any necessary variations for individual students will also be shared.*

## Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

### *Head of Centre Internal Quality Assurance and Declaration*

#### **Internal quality assurance**

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an **internal standardisation process**.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
  - *Arriving at teacher assessed grades*
  - *Marking of evidence*
  - *Reaching a holistic grading decision*
  - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.*
  - *This will be the Deputy Headteacher, Mrs J Whisker*
- *Where there is only one teacher, there will also be external quality assurance with partner Secondary Schools.*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*

## Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

### Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).*
- *We will consider the size of our cohort from year to year.*
- *We will consider the stability of our centre's overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will compare subject and centre-level performance statistics for initial TAGs with this historical data and share the information with Progress Leaders.*
- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.*

*This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.*

- *We will compile historical data giving appropriate regard to potential mixtures of A\*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.*
- *We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.*

*This section gives details of changes in our cohorts that need to be reflected in our comparisons.*

- *We will omit subjects that we no longer offer from the historical data.*
- *We will consider significant changes in the nature of the students entered for particular subjects.*

## Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

### **Reasonable adjustments and mitigating circumstances (special consideration)**

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)*

## Addressing disruption/differential lost learning (DLL)

**B. Addressing Disruption/Differentiated Lost Learning (DLL)**

This section gives details of our approach to address disruption or differentiated lost teaching.

- *Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.*
- *We are conscious that most students in years 11 and 13 have been taught the same content in every subject and where this is not the case, this is taken into consideration and alternative evidence is used.*
- *When a student's attendance at school and at online lessons has been disrupted, we will take their individual circumstances into account and consider all available evidence in order to award a grade.*
- *Students must have completed enough of any course for us to be able to award a grade and if we do not have evidence of engagement with a course, we will not be able to award a grade.*

## Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

### Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

*Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.*

*Senior Leaders, Progress Leaders and Centre will consider:*

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions).*
- *how to minimise bias in questions and marking and hidden forms of bias); and*
- *bias in teacher assessed grades.*

*To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:*

- *unconscious bias can skew judgements.*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment.*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics.*
- *unconscious bias is more likely to occur when quick opinions are formed.*
- *Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.*

## Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

### **C. Recording Decisions and Retention of Evidence and Data**

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Progress Leaders maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained in a secure centre-based system that can be readily shared with our awarding organisation(s).*

#### ***Retention of Evidence and Data:***

- *We will ensure that evidence of processes is retained electronically in a secure system that can be shared with the exam boards.*
- *Assessment marks and TAGs will be stored in SIMS.*
- *We will ensure that assessment evidence and NEA is retained on paper in a secure so that evidence can be shared with exam boards in case of external QA or appeals.*

## Authenticating evidence

### **D. Authenticating evidence**

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, which will include a Student Declaration Form and use primarily of teacher monitored internal assessments, will be in place to ensure that teachers are, as far as reasonably possible, confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *The principle means of ensuring assessment evidence is authentic is that the assessments were conducted with a high level of control and under exam-style conditions.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations <https://www.jcq.org.uk/wp-content/uploads/2021/04/JCQ-Guidance-on-the-Determination-of-Grades-for-A-AS-Levels-and-GCSEs-Summer-2021.pdf> to support these determinations of authenticity.*
